About Us.

Introduction

Moz Briefing, Lda is a specialized aeronautical consultancy providing regulatory, operational, and logistical support to aviation stakeholders at Mozambique. Since 2019, we have charter operators, NGOs and private organizations with solutions that enhance safety, compliance, and operational efficiency

Our experience includes mission-critical operations for Peace Parks Foundation, Frankfurt Zoological Society and Sahara Aviation. We deliver precise, discreet, and reliable aviation support in complex and remote environments.

Mission & Vision.

MISSION

Deliver innovative, reliable and personalized aeronautical solutions that ensure safety, efficiency and full compliance with international aviation standards

VISION

Become the leading aeronautical consultancy in the region, expanding into global markets while consistently delivering exceptional value to our clients.

Our Values

Integrity

Transparent, ethical and responsible conduct in every operation.

Excellence

Commitment to high-quality, detail-driven service delivery.

Collaboration

Long-term partnerships built on trust and shared success.

OUR SERVICE

OVERFLIGHT & LANDING PERMIT ASSISTANCE

Fast, compliant acquisition of overflight and landing permits for Mozambique, South Africa, Tanzania, Malawi, Kenya, Zimbabwe, Namibia, Botswana and Angola.

AERONAUTICAL LICENSING SUPPORT

Guidance and assistance for obtaining aeronautical licenses, including documentation, regulatory requirements and authority submissions.

AERONAUTICAL CERTIFICATION SERVICES

Support for AOC, AMO, and other regulatory approvals, ensuring alignment with IACM and ICAO standards.

CHARTER FLIGHT FACILITATION

Coordination and support for charter operations, including route planning, permit acquisition and logistical oversight.

Aviation Operational & Logistical Support

Mission-critical support for conservation, humanitarian and private-sector operations, including flight coordination and remote-area logistics

FLIGHT DISPATCH ASSISTANCE

Passenger meet-and-greet, flight planning, operational coordination and fuel assistance, ensuring seamless support from pre-flight to post-flight activities.
